

CORPORATE SOCIAL INVESTMENT

Be better at doing good

Doing good is better business

Corporate Social Investment (CSI) is a key aspect of a business' Corporate Social Responsibility (CSR) commitment. Recognising the **ethical and commercial aspects** involved in ensuring sustainability and achieving measurable social change, we provide **expert advice and support** for businesses in:

- Establishing or assessing their CSI structures
- Enhancing social and commercial benefits of CSI initiatives
- Complying with CSI related governance requirements
- Managing specific programme components (structuring, administration, contracting, implementation, evaluation, etc)
- Meeting relevant legal obligations

*We are known for our hands-on approach which is **cost-effective, efficient,** and tailored to your **individual business needs.***

About Us
